

Mom / Chair
Design / Florent Coirier

Test
EN581-1 / EN581-2

The Mom collection by Coirier is inspired by traditional Japanese trays. The structure is made entirely from Fe360 tubular steel, while the seat and back, characterized by the striking graphic design, are in deep-drawn galvanized steel sheet. Emu-Coat finish (cataphoresis + painting).

Materials

Steel

Iron and carbon alloy, with carbon content below 2%, treated to withstand the elements with the unique EMU-Coat anti-corrosion process.

Maintenance: To keep the product in good condition for a long time, we recommend storing it indoors and in a dry place during the winter to prevent condensate from forming. Before the winter and on a quarterly basis, if the products are kept near the sea, it is recommended to clean the metal surfaces with a soft cloth using water or detergent and protect them with Vaseline oil or car wax.
