

Como / Armchair Design / Angeletti-Ruzza

What inspires most Como collection is its evocative power and its ability to reinterpret a classic line and give a contemporary look, which blends naturally into any setting. An extremely accurate study of practical proportions and efficacy are the key words in this collection, which consists of a dining chair, a small, low and high backed armchair, an armchair and sofa.

Description

Code: **1201**
Typology: **Lounge Chairs**
Collection: **Como**

Stackable: 4
Static Load: 200 Kg
Cushion Material: Acrylic fabric
Seat Height: 43 cm

Technical Info

Width: **57 cm**
Depth: **59 cm**
Height: **83,5 cm**
Weight: **6.2 Kg**
Static Load: **200 Kg**

Packaging

Packages: **1**
Pieces for pack: **2**
Dimensions: **92x67x59 cm**
Volume: **0,363 mü**

Polyethylene bag and cardboard box

Como / Armchair

Materials

Steel

Iron and carbon alloy, with carbon content below 2%, treated to withstand the elements with the unique EMU-Coat anti-corrosion process.

Maintenance: To keep the product in good condition for a long time, we recommend storing it indoors and in a dry place during the winter to prevent condensate from forming. Before the winter and on a quarterly basis, if the products are kept near the sea, it is recommended to clean the metal surfaces with a soft cloth using water or detergent and protect them with Vaseline oil or car wax.

Cushion Material

Acrylic fabric

The 100% acrylic fabrics combined with a polyurethane internal coating. This step makes it water-repellent, highly resistant to UV rays for excellent outdoor performance.

Maintenance: To keep the product in good condition for a long time, we recommend storing it indoors and in a dry place during the winter to prevent condensate from forming. Before the winter and on a quarterly basis, if the products are kept near the sea, it is recommended to clean the metal surfaces with a soft cloth using water or detergent and protect them with Vaseline oil or car wax. Evitare il contatto prolungato con sostanze grasse e/o coloranti che potrebbero venire assorbite dal materiale di rivestimento e dare luogo a macchie permanenti, oltre che deteriorare la struttura del filato. In caso di utilizzo vicino al mare o piscine si consiglia un lavaggio periodico. Lavaggi frequenti: seguire le istruzioni specifiche per ogni materiale riportate sull'apposita etichetta. Utilizzare acqua e detergenti liquidi non abrasivi con PH neutro e incolori. Eventualmente lasciare agire il detergente alcuni minuti. Sciacquare abbondantemente con acqua a temperatura non superiore a 30°C. Nel caso di utilizzo di dispositivi a pressione, tenere la punta del diffusore ad una distanza di almeno 60/70 cm dalla superficie del manufatto. Se necessario ripetere l'operazione. Non utilizzare spugne abrasive per smacchiare e non trattare con candeggina e cloro.

Cushions for this collection: C/1200 Seat cushion - C/1201 Back cushion
