

Utility

Designed by Norm for Fogia, Utility is a versatile stool in two sizes with space for more than one perching on them at a time. An architectural frame and legs is capped by a soft cushion.

Careful attention has been paid to the proportions of the stool, moving it away from what could be considered a 'standard' height and size for a foot stool, stool or pouf. It's perhaps this facet of Utility which seems to make it draw together elements of a room.

Beech or oak base, polyether seat, upholstered in leather or fabrics.

Sizes: 100 cm x 32 cm or 70 cm x 28 cm (diameter x height).

Fogia is an award-winning Swedish design company and furniture producer, collaborating with some of the most progressive contemporary designers working today. With roots in the Scandinavian design aesthetic, its products are handmade to stringent standards of quality and construction, using high-end materials and craftsmanship. Graceful elegance and purposeful function are realised through a genuine knowledge of craft and construction.
