

# ABOUT A CHAIR / AAC 127 SOFT DUO

DESIGN BY HEE WELLING & HAY

The AAC 127 Soft Duo fuses a soft quilted shell and contrasting materials with the sleek, elegant aesthetic of the four-legged steel frame. Retaining the same high backrest and generous seat that characterises the series, this design features a functional base with legs that slant slightly outwards for optimal stability. The base is available in chrome and powder-coated finishes, and the quilted shell is offered with two different textiles or leathers to create a unique look that works equally well in corporate, public, or private contexts.
