LBM TABLE LAMP
DESIGN BY MOISÉS HERNÁNDEZ, 2022

Inspired by compatriot Luis Barragán Morfín, Moisés Hernández' LBM Table Lamp is influenced by the Mexican architect's innovative use of geometry, colour and light. Just as the walls in Barragán's architecture serve as a frame that casts shadows to create colour and dimension, the LBM uses folded vertical sheet steel to create a similar poetic interplay of light and colour. The resulting design offers an ambient downlight with a subtle gradient effect and a unique, calming atmosphere, creating an artistic quality that is equally appealing both when in use and switched off. LBM's functionality and deliberately uncluttered design makes it suitable for a wide range of spaces and uses in domestic and corporate environments.

HIGHLIGHTS

· Part of a progressive and technologically advanced lighting collection.
· Innovative geometric table lamp available in various colours.
· Constructed from thin planes of vertical sheet steel with a sand finish powder coating.
· Equally appealing both when in use and switched off.
· Integrated LED light source with a life span of at least 25,000 hours of use with inline step dimmer.
· Magnet attached to cable that can be moved around for optimal and tidy cable positioning.
· The lamp is suitable for both private and office environments.
· Qualified for contract use.

DIMENSIONS

WIDTH 22,5 CM
DEPTH 10,5 CM
HEIGHT 22 CM

MATERIALS

SHADE	DIFFUSER	CORD	MAGNET
Sheet metal with a sand powder coating finish. Extruded aluminium component with a wet spray finish.	Polycarbonate diffuser.	Silicone cord with PVC cable exit and an inline step dimmer.	Drilled steel with a wet spray finish.

COLOUR & FINISH
Please note that the colour codes are indicative.

CLAY   CREAM WHITE   LUIS PINK   TITANIUM YELLOW   TOMATO RED
TECHNICAL SPECIFICATIONS

LIGHT SOURCE	POWER (WATTS)	DIMMABLE	POWER SUPPLY	IP	CORD LENGTH	SWITCH
Integrated LED	8W	Yes	220-240V AC at 50/60Hz	20	200 cm	Inline step dimmer

TEST SPECIFICATION OUTPUTS*

FLUX (LUMENS)	CCT (KELVIN)	CRI (1-100)
360lm	2800K warm white	>90

*Photometrics and the test specification shown is taken using the integrated LED.

CERTIFICATES

CE APPROVED
This product has been assessed and complies with the essential requirements of the relevant European directives.

LED CE ⟨⟩ IP20 ⟨□⟩ ⟨⌧⟩ UKCA

Tested according to the following European EN IEC standards which relate specifically to electrical lighting products including:
· EN IEC 55015:2019/A11:2020 (radio disturbance)
· EN 61547:2009 (EMC immunity)
· EN IEC 61000-3-2:2019/A1:202 (EMC compatibility)
· EN 61000-3-3:2013+A1:2019 (EMC compatibility)
· EN 60598-2-4:2018 (portable luminaires)
· EN IEC 60598-1:2021 (general requirements)
· EN 62493:2015 (human exposure to EMC)
· EN IEC 62031:2020 (safety specifications)
