

NEW ORDER COMBINATION 205 WITH HIGH DRAWER

PRODUCT FACT SHEET

NEW ORDER COMBINATION 205

DESIGN BY STEFAN DIEZ & HAY, 2021

New Order Combination 205 comprises an open shelf space and a closed high drawer storage solution that can be added to the front or side of the structure, creating a uniform look that can be used for home or office solutions. The high drawer features a push-to-open mechanism and a soft close action which is integrated in the handle-free design for optimal functionality and efficiency. The aluminium grid is available in different colour options, with the possibility of adding panels, doors and drawers to customise the appearance and functionality, creating infinite combinations and applications.

HIGHLIGHTS

- New Order High Drawer designed by Stefan Diez is a part of the flexible New Order system, shelving and tables.
- The series combines functional and aesthetic qualities in a versatile and customisable design.
- It is available in a variety of colours.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

NEW ORDER CONFIGURATOR

The New Order Configurator enables you to design the ideal New Order system to suit your precise needs. Customise different combinations by selecting colours and materials, as well as adding panels, doors, drawers and shelves to create the perfect solution. Furthermore, the configurator also allows you to save and share your design, export DWG files and find prices and item list for your finished product.

	ARMY POWDER COATED STEEL NCS S 7005-G50Y		•	•	•

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
