Restyling 2014

[It] — Nato dalla creatività di Sergio Bicego, il divano Pixel è caratterizzato da una serie di elementi che si combinano liberamente tra loro, sfruttando un esclusivo innesto creato da Saba Italia. È così possibile scomporre i braccioli e gli schienali dalle basi per creare nuove composizioni in assoluta libertà. Le sedute in piuma sono caratterizzate dalla particolare cucitura trapuntata, che evidenzia le infinite possibilità di combinare i tessuti della collezione Saba per creare ogni volta un divano unico e personalissimo. Grazie alla particolare forma degli schienali e dei braccioli, le dimensioni complessive del divano risultano sempre molto contenute, sia in larghezza che in profondità, senza penalizzarne l'estetica. Il divano Pixel è stato accuratamente concepito in base ai criteri di ergonomia, per avere il massimo comfort su un prodotto altamente ricercato dal punto di vista stilistico. Completamente sfoderabile.

Struttura

In legno imbottito con poliuretano espanso a quote differenziate (40IM - 25IM - 30IP); superiormente è rivestita con tela di cotone 100% che contiene piuma lavata e sterilizzata, suddivisa in scomparti. Il molleggio della seduta viene assicurato da cinghie elastiche con anima in polipropilene. Le schiene sono in legno multistrato curvato, imbottite con poliuretano espanso a quote differenziate (25IM e 75IP), rivestite con vellutino accoppiato a poliestere e con basamento in acciaio cromato lucido.

Piedini

In ABS nero h 4 cm.

Imbottitura

I cuscini dello schienale sono imbottiti in piuma d'oca lavata e sterilizzata suddivisa a scomparti e rivestita con tessuto di cotone bianco 100%.

[En] — From the creativity of Sergio Bicego comes Pixel sofa, featuring a series of elements that can be freely combined, thanks to an exclusive connector created by Saba Italia.

In this way the arm- and backrests can be removed from the bases to form endless new arrangements.

The feather-padded seat cushions feature special quilted covers which highlight the limitless possibilities for mixing the fabrics in the Saba collection to create a new and unique sofa every time.

Thanks to the distinctive shape of the back- and arm-rests, the overall width and depth of the sofa are surprisingly small, without penalizing its handsome good looks.

Pixel sofa has been carefully, ergonomically designed to provide the maximum comfort in a highly refined and stylish product.

Fully removable covers.

Structure

In wood padded with variable-density polyurethane foam (40IM - 25IM - 30IP). The upper part is covered with 100% cotton cloth which contains washed and sterilized goose feather, divided into sections. The seat is sprung with elastic straps reinforced with polypropylene.

The backs are in curved plywood, padded with variable-density polyurethane foam (25IM and 75IP), and covered with polyester-backed velveteen, and feature a glossy chrome finish steel base.

Feet

4 cm high, in black ABS.

Padding

The back cushions are filled with washed and sterilized goose down quilted into sections and covered with white 100% cotton fabric.
