

TULOU COFFEE TABLE

By GamFratesi

HAY

GamFratesi's Tulou Table was inspired by the traditional design of a tray table and the extra functional dimension it offers. Comprising two basic elements – a spun steel round tray with a firm, easy-to-hold edge and a four-legged frame in tubular steel – the minimalistic design enables the tray to be moved around different spaces. Available in a variety of colours and finishes, its flexible design means it is suitable for use in a wide range of private and public contexts.
