

LILY™

This series 8 chair was originally designed for the Danish National Bank. It is often referred to as the Lily™. The first model was 3108 from 1968, and the chair was introduced to the market with arms, model 3208, at the Danish Furniture Fair in 1970. The chair is made from laminated sliced veneer and is the result of an extremely complicated moulding process that ensures the perfect curves and the best comfort. The 3208 from 2007 is slightly larger than the original and in 2008 it was introduced with castors.

ARNE JACOBSEN 1902-1971

The cooperation between Arne Jacobsen and Fritz Hansen dates back to 1934. But it was in 1952 the break-through came with the Ant™. It was succeeded by the Series 7™ in 1955. This propelled his and Fritz Hansen's names into furniture history.

Arne Jacobsen was very productive both as an architect and as a designer. At the end of the 50's Arne Jacobsen designed the Royal Hotel in Copenhagen, and for that project the Egg™, the Swan™, the Swan Sofa™ and Series 3300™.

Arne Jacobsen was and is an admired and outstanding designer. While the significance of Arne Jacobsen's buildings was less appreciated, his furniture and other design work have become national and international heritage.
